

# Quality Inspection Service for Consumer Electronics

Consumer electronics help us perform with convenience and offer an unmatched level of comfort.

However, **safety and quality** are always the **challenges** for importers and retailers, especially when production outside their countries.

**Professional inspection and quality control** before shipment are the clue to overcome these challenges and assure your product quality.

## Why HKIC Inspection?

- 1 Professional inspection service in major Asian countries.
- 2 Cover every stage in supply chain.
- 3 Fully in tune with international and local standards.
- 4 Tailor made for your quality requirements.
